

MOXFIVE Retainer

The MOXFIVE Retainer Advantage

MOXFIVE provides immediate response to security incidents and proactive cybersecurity resilience solutions to minimize business disruption and strengthen security. Our technical experts and proprietary platform deliver a seamless experience, ensuring organizations are prepared before, during, and after an incident.

Comprehensive Retainer Coverage

Incident Response & Recovery

- 24/7 Incident Response Support – Rapid containment, forensic investigation, and remediation.
- Negotiation & Ransomware Support – Expert guidance for ransom payment decisions and extortion scenarios.
- Data Recovery & Restoration – Secure retrieval of encrypted, stolen, or lost data.
- Forensics & Data Mining – Deep analysis to identify the root cause and impacted data.

Onboarding & Readiness Services

- Incident Response Plan Review – Strengthen and refine your IRP with industry best practices.
- MOXFIVE Platform Integration – Secure access to real-time tracking and expert collaboration.
- Ransomware Readiness Consultation - one-hour strategy session covering prevention, detection, and recovery.
